**Question on impacts on trees following the temporary relocation of the**  
**DB Plaza Bus Terminus**

Ms Amy YUNG notified this Council that she would raise the following enquiry at the Tourism, Agriculture, Fisheries and Environmental Hygiene Committee meeting to be held on 27 March this year:

“ Following the closure of the DB Plaza Bus Terminus on 25 February this year, some residents discovered that a tree inside the perimeter enclosure was felled (as seen in the photos provided by residents) and enquired the staff from the Discovery Bay Services Management Company how to handle the remaining trees therein, but the staff had no idea.

As such, I would like to invite a representative of HKR International Limited to attend the meeting and respond how it would handle the other trees in the said area. ”
