Planned Cultural Programmes in Sai Kung District

Scheme	Target & Introduction	Estimated number of activities	Estimated participants
18dART — Community Arts Scheme	<ul style="list-style-type: none"> • Given the success of the 18dART Community Arts Scheme in North District organised by Hong Kong Harmonica Association, the Department will sponsor this arts group to organise training programmes on harmonica music for all ages in Sai Kung in 2024/25. • The project will provide harmonica music workshops to various age groups to develop their interest in music. A variety of activities such as community concerts and talks will also be arranged to promote music and arts appreciation in the community. A finale performance will be staged to showcase achievement of the participants. • Actual number of activities and attendance to be determined by venue availability and other factors. 	46	4 000
Community Cultural Ambassador Scheme	<ul style="list-style-type: none"> • Performing arts practitioners/groups are invited to act as Community Cultural Ambassadors to bring art to different districts across the city. Through a wide range of outreach activities, the Ambassadors set out to promote performing arts among the general public and different communities. • CCAS runs hand in hand with 18dART to create synergy, providing in the community a wide array of activities that cover different art forms. Through regular programmes from the two Schemes, it is expected that community members' interest in the arts will continue to grow. • In 2024/25, a total of 12 activities under the Community Cultural Ambassador Scheme is expected to be held in Sai Kung District, with an estimated number of 1 000 participants. The activities to be held would be subject to the arts practitioners/groups' programme proposals and the availability of suitable venues in the district. 	12	1 000

Scheme	Target & Introduction	Estimated number of activities	Estimated participants
School Performing Arts in Practice Scheme	<p>Various training courses covering different arts forms will be offered to primary, secondary and special schools students which aim to enhance their knowledge and interest in arts. The LCS D collaborates with local arts groups experienced in organising and implementing arts education activities. Experienced trainers of these groups offer systematic training in schools. Upon completion of the training courses, students will have the opportunity to perform in finale performance and activities held at their school halls or LCS D performance venues. In 2023/24, 1 school in Sai Kung District participated in the scheme, and about 240 students participated in workshops and performances from the school. The number of participating schools and the number of students in 2024/25 is expected to be similar to that in 2023/24. Actual attendance will be subject to the enrolment, event nature and related arrangement.</p>	2	210
Arts Experience Scheme for Senior Secondary Students	<p>To tie in with the implementation of “Aesthetic Experience” under the New Senior Secondary School Curriculum, the scheme offers varied arts programmes for senior secondary students. They can enjoy performances at professional performing venues and participate in extension education activities including pre-performance lectures, post-performance appreciation sessions and interactive workshops. In 2023/24, a total of 6 schools in Sai Kung District with about 500 students participated in the scheme. The number of participating schools and the number of students of the scheme in 2024/25 is expected to be similar to that in 2023/24. Actual attendance will be subject to the enrolment and allocation.</p>	3	140
Music Office Music Promotion Activities	<p>To promote music and Chinese and Western musical instruments, the Music Office Instructors’ Ensembles give regular “Music for the Millions” concerts in primary and secondary schools during the school year. Besides, the Music Office organises the school music workshops with different themes to develop their interest in music. The Music Office organises the “School Care Subsidy Scheme” to encourage school music groups to hold face-to-face or online “Care and Concern Concerts” in their districts for the special schools and social welfare organisations.</p>	10	1 730
