Poisonous baiting stations or rodent traps will be set whenever signs of rodent infestation are detected. At the same time, staff of our Hawkers, Markets and Cleansing Sections will step up inspections to markets, typhoon shelters, lanes adjacent to food premises and other problematic spots in the target areas, and to augment rodent prevention and control work in those areas.

7. Relevant government departments including the Agriculture, Fisheries and Conservation Department, the Drainage Services Department, the Highways Department, the Home Affairs Department, the Housing Department, the Lands Department, the Leisure and Cultural Services Department and the Marine Department, etc. have been notified of the First Phase of Anti-rodent Campaign 2016 and invited to take appropriate actions in preventing and controlling rodents in areas under their respective ambit.
