Dear Mr Tam,

### Nomination of Hospital Governing Committee Member

I write to seek your assistance in nominating a member of your District Council to serve on the Hospital Governing Committee (HGC) of Caritas Medical Centre.

Hospital Governing Committees are responsible to the Hospital Authority for overseeing the management and operation of public hospitals. The functions and composition of a Hospital Governing Committee are set out in Appendix 1.

In this connection, I should be grateful if you would assist us in identifying a suitable member of your Council for appointment to the HGC of Caritas Medical Centre, taking into account his/her expertise in administration and management, interest in health services, and involvement in community organisations. If you wish to give us more than one nomination, please feel free to do so. The Authority will make a choice among your nominations to best complement the expertise of other members of the Committee. The appointment of that person will be in his/her personal capacity, from 1 April 2004 to 31 March 2005.

A membership nomination form is enclosed at Appendix 2 to facilitate your nomination. Please be assured that all information provided will be classified as confidential. If you require further information regarding the general operation of Hospital Governing Committees, please feel free to contact Mrs Cecilia Lam, Manager (Board & Committees), at 23006742.

Thank you for your assistance in our commitment to promote community participation in the operation of public hospitals in Hong Kong. I look forward to your favourable reply before Thursday 18 March 2004.

Yours sincerely,

The

(Stephen Ma) for Director (Professional Services & Medical Development)
