

**Concern about the problem of illegal U-turns at Ka Wai Man Road, Kennedy Town**

Replies From Hong Kong Police Force :

Question 1 : Since 2023, how many reports have the authorities received about accidents arising from illegal U-turning on Ka Wai Man Road in Kennedy Town? How many of these cases have the authorities handled?

According to the Police, from 2023 to June 2024, no reports were received of accidents arising from illegal U-turning on Ka Wai Man Road in Kennedy Town.

Question 2 : Has the Government conducted comprehensive traffic impact assessments (TIA) on these infrastructure projects, specifically on the possible increase of heavy vehicle flow and traffic pressure on Ka Wai Man Road? If so, please provide relevant documents. If not, what are the reasons for that?

To be answered by other departments.

Question 3 : Has the Government conducted on-site inspections to gain understanding of vehicle U-turns on that section, and whether there are safety concerns regarding the designs and the choice of locations of such facilities? If so, please list the date of the inspections and the follow-up action. If not, what are the reasons for that?

To be answered by other departments.

Question 4 : What measures will the Government take to improve the U-Turn facility to prevent obstruction to motorists' view or damage to such facilities?

To be answered by other departments.
