**Paper No. IDC 120/2013**

**Conversion of Tin Lee House in Lung Tin Estate  
into a Home Ownership Scheme Block**

To better utilize the housing resources, the Subsidized Housing Committee of the Housing Authority approved on 7 February this year for the conversion of Tin Lee House (TLH) into a Home Ownership Scheme (HOS) block for sale and the rehousing of 14 affected households through management transfer.

Thanks to the affected households' cooperation, the rehousing exercise was completed this September since all households had vacated TLH and moved into their newly allocated public housing flats. In the meantime, apart from going on with the refurbishment and land matter works, Housing Department has started the planning of sales arrangement. The flats will be put up for sale upon completion of all the aforesaid works. Following its conversion into a HOS block, TLH will be renamed as Tin Lee Court.
