

**Question on management and use of Yat Tung Estate Car Park  
(Paper IDC 64/2015)**

**Written reply from the Link Management Limited**

According to land lease of Yat Tung Estate, there are 1,753 spaces for parking of motor vehicles belonging to residents or occupiers of Yat Tung Estate and their bona fide guests or visitors. There is no specification under lease the ratio of parking spaces for monthly parking and hourly parking. Diversified parking services with reserved spaces and floating spaces are offered at the choice of applicants according to their need. Based on the principle of fairness, we will conduct balloting of parking spaces every year. In the event that the number of application exceeds available parking spaces, parking space will be allocated in the ballot according to the priority of applicants based on their respective status of residence/occupation in Yat Tung Estate.
