水警海港警區行動計劃
Marine Port District Action Plan
2017

Marine Port District will ensure the security and control of the waters in our area of responsibility. We will provide a professional policing service at sea and on the outlying islands by focusing our efforts on the prevention and detection of crime as well as ensuring as swift a response as possible to emergency calls. We will continue to develop and enhance good community relations and foster a partnership approach with community-based organizations and other government departments. We will ensure a high degree of effort is given towards enhancing public safety on both land and sea.

OPERATIONAL PRIORITIES

Violent Crime

- Maintain a robust response capability to maritime threats.
- Deter violent crime by delivering a strong police presence in population centres on outlying islands.
- Professionally handle and investigate all reports of violent crime.

Triads, Syndicated and Organised Crime

- Strengthen intelligence-led operations against target triad personalities and activities, organised crime, syndicated illegal immigration and smuggling activities, in particular those that exploit youths.
- Leverage the cross-boundary mechanism, make full use of available resources and technology, and adopt a multi-agency approach to deter and interdict organized criminal activities, especially syndicated illegal immigration activities.
- Take measures to investigate and confiscate the proceeds of crime.

Dangerous Drugs

- Take robust action against drug traffickers, especially those exploiting students and youths.
- Deter the abuse of illicit drugs on the outlying islands and vessels.
- Promote awareness and prevent the abuse of drugs by students and youths, through a multi-agency and community-based approach.

Quick Cash Crime

- Promote public awareness and secure community support to combat quick cash crime and miscellaneous thefts on the islands, and at sea.

Cyber Security and Technology Crime

- Promote public awareness of technology crime and cyber security, as well as the risks associated with social media.
- Work with key partners to promote maritime industry awareness of technology crime and cyber security.

Public Safety

- Ensure public order and safety of public events through effective planning, communication and execution.
- Enhance sea safety awareness, and regulatory compliance, within the seafaring communities.
- Take measures to enhance safe cycling and pedestrian safety on the outlying islands.
- Apply the Selected Traffic Enforcement Priorities (STEP) to ensure smooth traffic flow, especially on weekends, and public holidays, on the outlying islands.
- Strengthen preparedness for a quick and effective response to major incidents and natural disasters by conducting regular multi-agency exercises with key partners, so as to test and improve contingency plans.
- Ensure the 2017 Chief Executive Election, and events hosted in connection with and 20th Anniversary of the Establishment of the Hong Kong Special Administrative Region, are held in a safe, orderly, and secure manner.

Terrorism

- Ensure a proactive patrolling profile at the ISPS facilities, and visiting vessels, as well as critical infrastructure, and other key points to enhance deterrence and protection.
- Ensure preparedness and response capability to marine security incidents, in addition to the ISPS Code, through the regular review of contingency plans, and frequent exercises and drills.
- Strengthen anti-terrorism focus with internal and external stakeholders for the marine security incidents, in addition to the ISPS Code.

Illegal Immigration & Smuggling

- Deter and interdict illegal immigration and smuggling.
- Combat illegal activities by illegal immigrants and visitors on the outlying islands.

Supporting Maritime Environmental Protection

- Conduct joint operations, through a multi-agency approach, to combat criminal/illicit activities, in particular involving the use of explosive and other destructive methods, with implications for conservation or the environment.

MANAGEMENT PRIORITIES

Engaging the Community

- Develop and enhance our relationship with the seafaring and islands communities, in order to forge a more effective police/public partnership.

- Continue, and develop, specific initiatives to engage the youth-in-need, the elderly, non-ethnic Chinese (NEC), and Recreational Sea Safety community.

Enhancing Personal and Professional Qualities of Force Members

- Promote a high standard of conduct and integrity in support of Force core values and ethics.

- Promote training and culture building to improve the standards of policing, seamanship and safety.

- Enhance the awareness of occupational safety and health.

Strengthening Criminal Intelligence Gathering

- Promote a culture of information gathering by all officers in support of the Force Criminal Intelligence System (FCIS).

Supporting Frontline Units

- Promote staff empowerment and ownership to enhance operational effectiveness, promote safe systems of work and raise morale.

- Enhance frontline officers' capabilities by adopting appropriate technology.

Information Security

- Maintain officers' vigilance towards the risks of data leakage and enhance their awareness of information security principles, in particular under the FISS.

- Implement and manage the IT Warden system within MPDIST to enhance information security.

Manpower and Succession Planning

- Address succession planning through Marine Policing Knowledge Management activities, mentoring and on-the-job training to appropriately equip younger officers with Marine Policing skill sets.

Resource Management

- To establish a culture of prudent resource management in respect of fuel, electricity and other resources, balanced with operational need.
