Islands District Council
Paper IDC 87/2017

Question on Building Maintenance Grant Scheme for Elderly Owners

Ms Amy YUNG notified this Council that she would raise the following enquiry at the Islands District Council meeting to be held on 4 September this year:

“ Many elderly residents reflected to me that the cost of building maintenance works was high and they found it unaffordable. As such, I would like to invite representatives of Urban Renewal Authority and Hong Kong Housing Society to attend the meeting and explain the Building Maintenance Grant Scheme for Elderly Owners, including the application procedures and matters requiring attention, etc. ”
