Islands District Council
Paper IDC 25/2020

Question on webcast of District Council meetings

Ms Amy YUNG notified this Council that she would raise the following enquiry at the Islands District Council (IDC) meeting to be held on 24 February this year:

“ Except IDC, all District Councils (DCs) of the new term had generally enhanced the transparency and accountability. Proposals including webcast of meetings, abolishment of proxy voting and abolishment of appointment of co-opted members had been endorsed. Although eight out of the 18 Members of IDC were ex-officio members without a public mandate, it was believed that they would not like seeing IDC go against public opinion.

I hereby request Members to further discuss whether IDC would insist on opposing webcast of meetings regardless of its eventual implementation in the other 17 DCs. ”
