Ms LAU Shun-ting

Mr LI Wing-foo

~~~~~

**Welcoming Remarks**

The Chairman welcomed Members and representatives of government departments to the meeting and introduced Mr WONG Yui-him, Tim, Engineer/Islands 1 of the Transport Department, who stood in for Ms WONG Shuk-man, Suman.

2. In accordance with the Islands District Council Standing Orders, the meeting agreed to accept the application for absence from the meeting submitted by Mr LI Wing-foo but did not accept the application for absence from the meeting submitted by Ms LAU Shun-ting.

I. **Confirmation of minutes of the meeting held on 29 October 2024**

3. The Chairman said that the captioned minutes had incorporated the amendments proposed by government departments and had been distributed to Members for perusal before the meeting. Members did not propose any further amendments, and the minutes were confirmed unanimously.

II. Proposed Amendments to the Approved Cheung Chau Outline Zoning Plan  
No. S/I-CC/9  
(DIDPC Paper No. 10/2024)

4. The Chairman drew the meeting's attention to the DIDPC Paper No. 10/2024.
5. Mr Sunny TANG briefly presented the paper with the aid of PowerPoint presentation.
6. Members expressed their views as follows:
  - (a) Members supported the proposed amendments and enquired about the relevant background information. They also suggested that the impact of the relevant development works on nearby residents/road users in the future should be minimised.
  - (b) Members enquired why there were relatively fewer applications for land rezoning for residential use in the Islands District, and asked about the number of such applications and the relevant approval procedures.
  - (c) Members asked whether the houses under the captioned proposed amendments were to be built in accordance with the Buildings Ordinance (Application to the New Territories) Ordinance without the need to obtain the Buildings Department's approval and consent to commence works.
7. Mr Walter KWONG gave a consolidated response as follows:
  - (a) Built-up areas in the Islands District were generally classified as development zones where no application to the Town Planning Board was required for proposed developments that complied with the regulations. For example, in the "Village Type Development" zones, the New Territories Exempted Houses were always permitted. Therefore, there might be relatively fewer rezoning cases in the past. The project under the captioned amendments was located in the "Residential (Group C) 6" zone, where houses were always permitted. However, as the proposed development parameters did not comply with the relevant regulations of the "Residential (Group C) 6" zone, an application to the Town Planning Board for rezoning the use to "Residential (Group C) 9" was required. For developments in other non-development zones, prior application to the Town Planning Board might be required.
  - (b) According to the information previously provided by the applicants, the houses were intended to be built in accordance with the Buildings Ordinance (Application to the New Territories) Ordinance.

III. Any Other Business

8. No further business was raised by Members.

IV. Date of Next Meeting

9. There being no other business, the meeting was adjourned at 2:49 p.m.  
The next meeting was scheduled for 25 February 2025 at 2:30 p.m.
