要求添福道及羅福道加設斑馬線

收到本區居民投訴，九龍塘添福道及羅福道有數間學校，上下學時段有大量學童及家長需行過馬路，惟添福道僅有一條斑馬線，而羅福道則沒有，行人沒有足夠交通標示輔助安全過路，只能在車輛行駛間隙衝過馬路，故此現要求在添福道及羅福道交界處加設斑馬線，讓行人能在有清晰標示之過路處過路。

Subject: Kowloon Tong district area - request for assist

Dear Joe,

Sorry for interrupting but your name came across after I did a google on Kowloon Tong Area political representative. I would like your assistance relating to a traffic situation suggestion and communication with Transport department.

I do have an ongoing communication with TD relating to a suggestion to improve road safety along a road which is occupied by 3 schools where suggesting TD to draw a zebra crossing to enable primary school children to cross safely (Tim Fuk road and Norfolk Road junction). However, TD had been pushing responsibility and kept informing me about road regulations and rules assuming I am not educated nor informed about road regulations.

I think like any matters in HK these days, govt department seems cares more about pushing responsibilities.

I would appreciate who can I talk to in Kowloon Tong zone for such issue.

Thank you very much.

Yours sincerely,

[REDACTED]
