February 2019

Progress of Mud Pit V

Regarding contaminated mud disposal at the disposal facility to the East of Sha Chau, mud pit Va was exhausted in August 2013 with capping works completed in December 2015. The disposal of contaminated mud at mud pit Vd has been resumed since March 2016. We have been conducting environmental monitoring and audit programme for the disposal facility. The environmental monitoring and audit results indicated that there was no unacceptable impact to the marine environment nearby.
