

Progress of and Follow-ups on the Tung Wah Group of Hospitals'
Holistic Centre for Youth Development Project

At the meeting of Wong Tai Sin District Management Committee (DMC) on 13 February 2015, Members noted that the Town Planning Board had decided not to amend the outline zoning plan in response to the public's opposing representations against the rezoning application of the Tung Wah Group of Hospital (TWGH) for developing the Holistic Centre for Youth Development and that the project would be submitted to Chief Executive in Council for consideration in due course. However, the representative of the Lands Department pointed out that the TWGH had slightly amended its proposal and Members wished to know the details of the amendments in order to ascertain whether the content of the amended proposal would generally tie in with the one that had been endorsed by the Wong Tai Sin District Council. The Chairman agreed that arrangements would be made for the representatives of the TWGH and relevant government departments to give a detailed account to Members at the meeting of the relevant WTSDC's committee.

2. The Secretariat was arranging the representatives of the TWGH, Planning Department and Lands Department to give an account at the 21st meeting of the Community Building and Social Services Committee to be held on 24 March 2015. On the other hand, the Secretariat received a letter from the TWGH dated 27 February 2015 to the Chairman of WTSDC, in which the progress of and follow-ups on the TWGH's Holistic Centre for Youth Development project were reported. Please see the Annex for details.
